NEW LENDING LIBRARY BOOKS
AVAILABLE!!!!!!

Have you wanted to advance your professional career? You have the perfect opportunity to take advantage of the Utah Chapter Permit Technicians’ Lending Library. This is a great way to prepare for the Permit Technicians’ Exam. In these times of tight budgets and layoffs it is more important than ever to obtain this professional certification and demonstrate to your peers and supervisors that you are taking the necessary steps to increase your knowledge and to elevate the Permit Technician position. Contact Melissa McDaniel, the Lending Library Coordinator to reserve a book or if you have extra books or study guides that you would like to donate to the library.

The following books are the new updated books that are required when taking your Permit Technician Certification test and available in the library:

- 2012 Permit Technician Study Companion
- Basic Code Enforcement
- Legal Aspects of Code Administration
- 2012 International Zoning Code

The below books are books that are available from previous code cycles that would still be valuable study material.

- 2006 Permit Technician Study Companion
- Basic Code Enforcement
- 2006 International Zoning Code
