This seminar will provide instruction on how to perform a complete plan review of a single-family residence to ensure compliance with the 2015 IRC. Topics include plan review philosophy, basic design concepts, checking design criteria, Bluebeam basics for plan review, plan reading basics, common code issues related to residential plan review, details and sections, and tips and tricks of residential plan review. This course is designed for permit technicians, those new to plan review or inspections, and those looking for a refresher.

September 2020
2015 IRC Complete Plan Review
.8 CEU’s

Instructor Profile:
George Williams is the Director of WC3 Academy, but primarily identifies as a commercial plans examiner and building inspector. He has been a building inspector since 2005, has a masters degree in construction management, and has been ICC Master Code Professional since 2009. George has been instrumental in the start-up of multiple building departments including the adoption of codes, implementation of permit processes, development of policies and procedures, as well as the hiring and training of staff.
